1775 TK Middenmeer**

Direction from the South (Amsterdam):

Follow the A7 north from Amsterdam and take exit 11 at Medemblik.

At the bottom of the exit, turn right. When you reach the traffic lights, turn left.

You are now in Agriport.

Follow Agriport Road to the end, it's about 3 km. (On your right you should see the Wieringermeer greenhouse with green tanks).

The way is quite curvy and goes parallel to the A7. (Do not be afraid when it looks like you might drive on the A7 again, this is the correct route).

When you reach the bridge, you should be able to see Barendse-DC greenhouse.

At the big gray tank is entrance 1, door number 2 of the greenhouse, where you can park your car and where Petra will receive you for the excursion.
